## Online registration begins April 1, 2016

In our continuous efforts to provide the best possible care to our campers and staff, Front Range Camp is partnering with CampDoc.com. **All camp registrations are now required to be done online.** Forms you'll need for online registration: Resident Camper's Health Statement or current physical, Immunization Record, and Rock Climbing Permit (for middle school campers only).

CampDoc.com is an electronic registration system for camps and will help us consolidate and integrate all our camp forms into a centralized and secure location. Their system will give our Quaker Ridge nurses instant access to camper health information, a key component in providing quality care if your camper should need it.

The security, confidentiality and privacy of your camper's personal health and other information will always be protected. Only Front Range Camp and Quaker Ridge health staff will have access to camper health information, and the CampDoc.com site is secure, encrypted and password protected.

To register your camper, go to the registration page at [www.frontrangecamping.org](http://www.frontrangecamping.org) and follow the link for online registration:

- First-time campers — set up your [CampDoc.com](http://CampDoc.com) account. Last year's campers, just log in to your account at [CampDoc.com](http://CampDoc.com).
- Follow the instructions, complete all the necessary forms to register. Alerts will appear for any missing required information.
- Upload any required documents to your CampDoc.com account. Forms required to upload: Resident Camper's Health Statement or current physical, Immunization Record, and Rafting Waiver (for high school campers only).
- Return to CampDoc.com at any time to make changes/updates to your camper's forms before camp begins.
- Payment is processed through the "Account" link on the left side of screen.

If you have questions while registering, contact CampDocs help desk at [help@campdoc.com](mailto:help@campdoc.com) or call 734-636-1000.

We are excited to continually evolve – building safer more productive and more efficient systems to create the best experience for you and your family.

We can't wait to see you this summer.

Mike Oldham  
Camp Administrator
